Re: River Conwy pollution

Dear Martin,

I hope this letter finds you well.

I am writing to report potential pollution being released into the Conwy River, allegedly by a commercial property within Llanrwst. Please find attached photographic evidence submitted to me by a concerned constituent.

From reviewing this documentation I am sure you will appreciate the serious concerns that this situation has raised amongst residents. Therefore, I would kindly ask that Natural Resources Wales (NRW) immediately investigate into this matter and identify the source of this pollution. Given the serious concern that this issue has raised within the local community and the potential environmental damage that could be done to the Conwy River, I would ask that this matter be treated as urgent.

I thank you for your attention to this matter and look forward to receiving your response at the earliest opportunity so that I may update my constituents accordingly.

Kind regards,

Janet Finch-Saunders MS/AS
